

# WYFI Newsletter

June 2022

Gain instant access to the Community Health Record (CHR) Portal with WYFI. This access is available at no charge to all Wyoming healthcare providers who provide a continuum of care for Wyoming patients. If your practice is interested in getting instant access to important patient data through the WYFI statewide HIE, please contact Andrea Bailey [andrea.bailey@wyo.gov](mailto:andrea.bailey@wyo.gov). Instant WYFI access training for your practice can be done remotely in **less than an hour**.

Live Patient Encounters  
**5,380,661**

Covered Lives  
**539,288**

CHR Users

## GET CONNECTED!

In long-term and post-acute care (LTPAC) settings, care providers are faced with enormous challenges when coordinating care for patients transitioning to and from multiple and diverse care settings. Hours can be spent making phone calls and tracking down information on patient status, lab results, medications, and treatment plans. Wyoming now has a secure health information exchange (HIE), called the Wyoming Frontier Information (WYFI) that gives care providers in your organization access to patient records from hospitals and clinics across the state.

The WYFI allows streamlined access to patients' medical history, saving valuable time searching through faxes or making phone calls. It decreases costs as a result of reduced faxing, printing, mailing files, and other administrative tasks. It also reduces costs and physical risks to patients by avoiding unnecessary duplicate tests and procedures.

The WYFI would like all Wyoming facilities to make a connection to share information in the statewide HIE as well as accessing information to ensure quality patient care. If you are interested in learning more, or would like to set up a time to discuss the connection process, please reach out to Andrea Bailey at [andrea.bailey@wyo.gov](mailto:andrea.bailey@wyo.gov) or Debbie Paiz at [debbie.paiz@wyo.gov](mailto:debbie.paiz@wyo.gov).

We look forward to hearing from you soon!

If you would like to learn more about WYFI please visit our website here: <https://wyfi.solutions>

Thank you!

## WYFI Training Links

Training Links - To better serve the needs of users here are some training links.

### WYFI

WYFI Overview - <https://youtu.be/cRGR-SokhzM>

### Direct Secure Messaging

## CHR Reminder

### **NEW - Multi-Factor Authentication (MFA)**

**MFA Reminder: \*\*Please note that you will need to keep the app in order to get the 6 digit code for everyday you log into the CHR\*\***

If you need additional help with the MFA function, please

email the WYFI team at the following link: [wdh-wyfi-](mailto:wdh-wyfi-)

[hie@wyo.gov](mailto:hie@wyo.gov)

## LIVE CONNECTIONS!

### **WYFI Statewide Health Information Exchange GO-Live**

- Ivinson Hospital In Production May 2, 2022
- Summit Medical Center In Production June 9, 2022

---

## Why WYFI?

### Patient Tracking

Get real-time alerts of your patients' admissions, discharges, and transfers

### External Orders and Data

Access transcriptions, labs, procedures, and radiology scans done outside your practice

### Referrals

Send and receive referrals to support continuity of care for your patients

### Community Health Record

View a longitudinal health record for your patients

### Direct Messaging

Send secure messages between providers to exchange clinical data

## Get Connected!

### Regional and National Connections

WYFI is connected with the Colorado Regional Health Information Organization (CORHIO), South Dakota Health Link (SDHL), Utah Health Information Network (UHIN), and the Social Security Administration (SSA).

#### For More Information:

Contact Andrea Bailey at [Andrea.Bailey@wyo.gov](mailto:Andrea.Bailey@wyo.gov)  
or visit us online at <https://wyfi.solutions/>

#### Wyoming Frontier Information (WYFI)

To Promote a healthier Wyoming by developing a statewide secure, connected, and coordinated health IT system that supports effective and efficient healthcare.
